## About Me

Passionate about AI, deep learning, and full-stack development, I specialize in building AI-driven applications in healthcare, NLP, and computer vision. I actively participate in hackathons, explore emerging technologies, and contribute to open-source projects, driven by curiosity and innovation.

## Skills

- Python
- JavaScript
- Dart
- Java
- C
- SQL
- HTML & CSS

## Education

- **Bachelor of Engineering (B.E.) – Computer Science & Engineering** 2022-2026  
Science & Engineering Kongunadu College of Engineering and Technology | CGPA: 7.0/10 (Currently Pursuing – 3rd Year)
- **Higher Secondary Education (12th Grade)** 2020 - 2021  
*Scored 70% in Board Examinations*  
"Grades may open doors, but skills break barriers!"  
I believe true success comes from skills, creativity, and persistence rather than just academic scores. Many industry leaders weren't top scorers, yet they mastered their craft—I strive to do the same.
